Partnership Announcement

HOUSING INSIGHT ANNOUNCES PARTNERSHIP WITH SDM HOUSING

Housing Insight has partnered with SDM Housing to offer SDM's social housing providers a new way to gain the maximum value from their existing housing management data. This partnership of technology and expertise will provide customers and those seeking solutions from SDM to support their housing operations with new options to streamline their processes and gain efficiencies.

The combined offering will provide SDM customers with an integrated solution that will enable comprehensive and efficient management of the key areas of housing management, such as helping with resident engagement and rent management as well as reporting through the PanConnect Dashboards.

For further details about our new partnership visit Housing Insight website <https://housing-insight.co.uk/>
